Species

Disocactus (3)

flagriformis B

martianus (*Aporocactus conzattii*) A

Disocactus nelsonii B

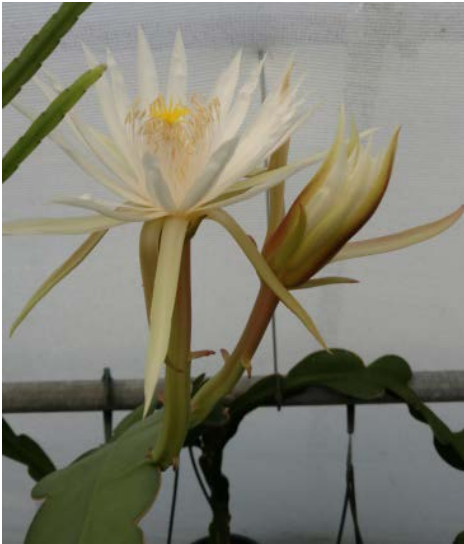

Epiphyllum (14)

anguliger B

Brazen (hybrid) B

cartagense A

crenatum (Mexico) A

crenatum 'Chichicastenanga' B

crenatum kimanchii A

- *hookeri* ssp. *guatemalense*

hookeri ssp.

guatemalense monstrose (big red fruit) B

hookeri (*strictum*) A

Kasuyahime (Hybrid) Zig-

Zag stems B

- oxypetalum (Night Blooming Cereus) B
- phyllanthus rubrocoronatum (Gigante, Huila, Colombia)* B
- pumilum B

Super Duper (Hybrid)

Hattoria (2)

salicornioides A

salicornioides (large form or different species)

\$20 cutting

Hildewinteria (1)

caldemonas (Monkey Tail

Cactus) Inquire

Hylocereus (1)

- undatus A

Lepismium (11)

boliviana B

flowers) A

cruciforme (var. anceps, pink

cruciforme spiralis (spiral

growth, white flowers) B

houlettiana forma

regnellii (Snowdrop Cactus) B

- ionthothle (Pfeiffera)
- lorentiziana

lumbricoides (loefgrenii) B

miyagawae (Pfeiffera) B

monacantha (Pfeiffera) B

paranganiensis A

warmingiana A

Pseudorhipsalis (1)

ramulosus 'Red'* B (\$15)

Or ramulosus ('Red' x self) F

Rhipsalis (73)

- aculeata

agudoensis B

Mistletoe Cactus) A

baccifera (cassutha,

baccifera 'Waterfall' Long-thin B

- baccifera (fasciculata) A

baccifera horrida A

- *baccifera* (green fruit turning white, Home Depot) A
- *baccifera* Kenya A

baccifera mauritana (red tips, white

berries) B

- *baccifera* pilosa B

baccifera Swaziland A

burchellii

cereoides (white flowers) B

cereuscula A

campos-portoana A, F

clavata B

clavata delicatula B

cribrata A

crispata B

crispimarginata B

- aff. *dissimilis* (may be *Lepismium* or *floccosa*)
- *dissimilis*
- *dissimilis* ssp. *marnierianum* Brazil circa 1970s

elliptica B

- ewaldiana (may be sulcata) A
- floccosa

floccosa floccosa

- floccosa gibberula
- floccosa pulvinigera
- floccosa tucumanensis B

grandiflora B

heteroclada A

hillebrandii A

- lindbergiana B

marnierianum B

megalantha

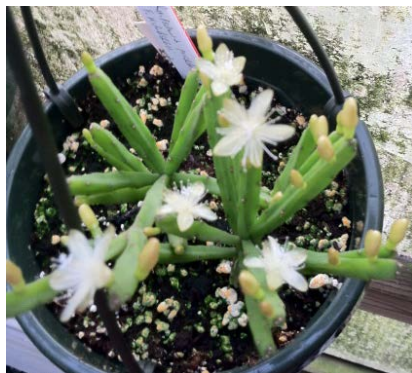

- megalantha (Bonn)

mesembryanthemoides A

micrantha B

micrantha kirbergii

micrantha rauhiarum

- micrantha tonduzii B

neves-armondii (red berries) B

neves-armondii (pink/red berries) B

- *neves-armondii* (yellow) B

oblonga B

occidentalis B

pacheco-leonis catenulate B

- pachyptera

pachyptera type 1 B

- pachyptera type 2

paradoxa (Chain Cactus) B

aff. *paradoxa* B

paradoxa septentrionalis B

penduliflora B

- *pentaptera* B
- *platycarpa*

pilocarpa B

prismatocarpa A

prismatocarpa Kartuz A

puniceodiscus (pumpkin-colored berries) B

- puniceodiscus (light stem, dark red/brown fruit)

puniceodiscus (darker stem, red pistils/stamens) B

rhombea A

shaferi B

simmleri B

Species (unknown) 1960 B

Species (Unknown) Huntington Botanical Garden B

sulcata type 1 larger

sulcata type 2 smaller

- teres
- teres capilliformis A

trigona B

zanzibarica B
